

Wolsingham Primary School Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

| Detail | Data |
|--|--|
| School name | Wolsingham Primary School |
| Number of pupils in school | 154 |
| Proportion (%) of pupil premium eligible pupils | 15.6% |
| Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended) | 2021/22 - 2024/25 |
| Date this statement was published | September 2022 |
| Date on which it will be reviewed | July 2023 |
| Statement authorised by | S. Kitching (Headteacher) |
| Pupil premium lead | S. Kitching (Headteacher) |
| Governor / Trustee lead | P. Eastwood (Lead Governor Disadvantaged Pupils) |

Funding overview

| Detail | Amount |
|--|---------|
| Pupil premium funding allocation this academic year | £41,855 |
| Recovery premium funding allocation this academic year | £1,813 |
| Pupil premium funding carried forward from previous years (enter £0 if not applicable) | £0 |
| Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year | £43,668 |

Part A: Pupil premium strategy plan Statement of intent

At Wolsingham Primary School, we believe that all children have the capacity to reach their full potential and are entitled to a high-quality education. We are firmly committed to ensuring that teaching and learning meets the needs of all our pupils. The attainment and progress of all vulnerable pupil groups, including disadvantaged pupils, is carefully tracked and monitored. We ensure that this data is used to identify our priorities accurately and that support and intervention is appropriately allocated and due to small numbers, linked to individual need. Our aim is to close the gap in attainment between disadvantaged and non-disadvantaged pupils, fully preparing them for their future both academically and through the experiences that they receive.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge | |
|------------------|--|--|
| 1 | Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils particularly those with additional SEND needs. These are evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers. | |
| 2 | Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics and regular reading practice at home than their peers. This negatively impacts their development as readers. | |
| 3 | Internal and external (where available) assessments indicate that reading attainment among disadvantaged pupils especially those who also have SEND difficulties is below that of non-disadvantaged pupils. | |
| 4 | Internal and external (where available) assessments indicate that writing attainment among disadvantaged pupils especially those who also have SEND difficulties is below that of non-disadvantaged pupils. | |
| 5 | Observations and discussions with pupils, families and other professionals have identified social and emotional issues particularly for Looked After and Post Looked After pupils including a lack of enrichment opportunities which impact on their attainment and the attainment of other disadvantaged pupils. | |
| 6 | Our attendance data over the last 3 years indicates that attendance among disadvantaged pupils has been between 1.92 and 2.25% lower than for non-disadvantaged pupils. | |
| | 7.7% - 29.2% of disadvantaged pupils have been 'persistently absent' compared to 0.69% - 11.4% of their peers during that period. Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress. | |

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome | Success criteria | |
|---|--|--|
| Improved oral language skills and vocabulary among disadvantaged pupils. | Assessments and observations indicate significantly improved oral language among disadvantaged pupils, particularly in the Early Years and Key Stage 1. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment. | |
| Improved reading attainment among disadvantaged pupils. | Sustained Year 1 phonics outcomes in 2024/25 show that 100% of disadvantaged pupils met the expected standard. | |
| | KS1 reading outcomes in 2024/25 show more than 80% of disadvantaged pupils met the expected standard. | |
| | KS2 reading outcomes in 2024/25 show that more than 80% of disadvantaged pupils met the expected standard. | |
| Improved writing attainment among disadvantaged pupils. | d KS1 writing outcomes in 2024/25 show that more than 50% of disadvantaged pupils met the expected standard. | |
| | KS2 writing outcomes in 2024/25 show that more than 80% of disadvantaged pupils met the expected standard. | |
| To achieve and sustain improved social and emotional well-being for all pupils in our school, | Sustained high levels of wellbeing from 2024/25 demonstrated by: | |
| particularly our disadvantaged pupils. | qualitative data from student voice, student and parent surveys and teacher observa- tions | |
| | a significant reduction in social and emo- tional issues impacting on learning. | |
| | an increase in participation in enrichment activities, particularly among disadvantaged pupils | |
| To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils. | | |
| | the overall absence rate for all pupils being no more than 3%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced to less than 2%. the percentage of all pupils who are persis- | |
| | tently absent being below 5% and the figure among disadvantaged pupils being no more than 7% lower than their peers. | |

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £8,667

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|--|---|-------------------------------------|
| Purchase of online writing moderation programme to support accurate assessment of writing and identification of next steps (£800) To fund on-going training and release time. (£1,320) | Feedback EEF (educationendowmentfoundation.org.uk) Assessment analysis and work scrutiny indicates requirement of greater understanding of next steps in writing to enable rapid progress in writing. | 4 |
| Purchase of Speech Link programme to assess speech and language needs in Reception pupils. (£300) Release time for TA to carry out assessments. (£300) | Oral Language Interventions EEF (educationendowmentfoundation.org.uk) | 1 |
| SEND Training for class teachers in specific areas of need (£600) To fund release time. (£1,320) | Assessment analysis and work scrutiny indicates requirement of greater knowledge and understanding for class teachers to adapt and support learning for SEND pupils in class. | 2, 3, 4 |
| Implementation of whole school approach to Metacognition and Self-regulation practises. To fund on-going training and release time. (£1,320) | Metacognition and self-regulation EEF (educationendowmentfoundation.org.uk) | 2, 3, 4 |
| Read Write Inc. Refresher Training for teachers and Teaching Assistants including cover costs and resources. (£520) Purchase of additional phonic reading resources to support development of | Phonics EEF (educationendowmentfoundation.org.uk) | 2, 3 |
| fluency. (£600) | | |

| Continued purchase of Literacy Shed+ resource to aid planning for writing. (£137) | Providing engaging and enjoyable stimulus for writing provides better standards of writing. | 4 |
|--|---|---|
| Continued purchase and use of Accelerated Reader Program (£1450) | Reading comprehension strategies EEF (educationendowmentfoundation.org.uk) Accelerated Reader appears to be effective for weaker readers as a catch-up intervention based on evidence for Education Endowment Fund. It allows pupils to read for pleasure as well as widely and often, widening pupils' experience of text features and language thus impacting on writing abilities. Program can also be linked to "out of school" use and will help develop links with parents. | 3 |

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £21,646

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|--|--|-------------------------------------|
| Speech and language sessions for pupils identified as having speech and language needs, particularly in Reception. (£2,925 1 hour per day) | Oral Language Interventions EEF (educationendowmentfoundation.org.uk) | 1 |
| Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. (£2,925 1 hour per day) | Phonics EEF (educationendowmentfoundation.org.uk) Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks. | 2 |
| Continued targeted support at break times and lunchtimes, developing positive play and relationships with peers. (£4,388 1½ hour per day) | Social and emotional learning EEF (educationendowmentfoundation.org.uk) Developing skills to learn to play cooperatively with peers limits impact on learning in the classroom of altercations at unstructured times. Increasing number of PP+ within school who find conflict resolution and self-regulation difficult. | 5 |
| Targeted support by TAs in identified year groups particularly where there is a higher proportion of PP children and PP children who also have SEND needs. | Teaching Assistant Interventions EEF (educationendowmentfoundation.org.uk) | 3, 4 |

| £8,775 (5 hours per week in class support maths and English x 3 TAs) | | |
|---|--|---|
| Targeted 1:1 and small group tutoring by to support writing. £1,170 (2 hours per week) | Small Group Tuition EEF (educationendowmentfoundation.org.uk) | 4 |
| | One to one tuition EEF (educationendow-mentfoundation.org.uk) | |
| Daily opportunities in school to practise reading with adult / peer. (£1463 ½ hour per day) | One to one tuition EEF (educationendow-mentfoundation.org.uk) Peer tutoring EEF (educationendow-mentfoundation.org.uk) Tuition by both adults and peers, targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind. | 3 |

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £9,865

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|---|--|-------------------------------------|
| Provide internal and external learning experiences to create relatable reasons to read widely and write creatively. (£3,500) Subsidised Residential Visits (£450). Subsidised educational visits. (£750) Musical instrument tuition (£110) | Consultation with teaching staff shows that this is a barrier for learning of many disadvantaged children. Relevant experiences provided have resulted in higher standards of writing and increased self-esteem/ aspirations. | 3, 4, 5 |
| Resolution Approach Training for staff (£400) | Social and emotional learning EEF (educationendowmentfoundation.org.uk) Increasing number of PP+ within school who find conflict resolution and self-regulation difficult. | 5 |
| Continue homework club for disadvantaged pupils. (£780) | Homework EEF (educationendowmentfoundation.org.uk) Disadvantaged pupils have limited support with their learning at home or social/emotional issues result in conflict at home. Support to complete homework/home | 3, 4 |

| | learning activities provides the additional consolidation of learning in the classroom. | |
|---|--|---------|
| Embedding principles of good practice set out in the DfE's Improving School Attendance advice. | The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence. | 6 |
| This will involve training and release time for staff to develop and implement new procedures to improve attendance. (£1,600 2 x non-contact time + 1 day per half term) | | |
| Teaching staff to consult with SLT if they judge a disadvantaged pupil to be not accessing any curriculum area well due to a lack of equipment or unable to complete home learning activities. (£625) | Consultation with teaching staff shows that this is a barrier for learning of many disadvantaged children. Lack of correct equipment can lower self-esteem and create anxiety resulting in reduced effort to take part in / complete learning tasks. | 2, 3, 4 |
| Attendance at school holiday club. (£1,650) | Social and emotional learning EEF (educationendowmentfoundation.org.uk) Extended periods away from the school environment results in increased anxiety and interrupts relationships between pupils and adults and pupils and their peers upon return to the school environment particularly for PLAC. | 5 |

Total budgeted cost: £40,178

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Despite a significant increase in absence of disadvantaged pupils in 2021/22, due to Covid-19 related absence and increased term time holidays, external assessments at the end of 2021/22 demonstrated that end of Key Stage outcomes were in line with those of 2018/19 with disadvantaged pupils performing well, particularly at the end of Key Stage 2. This demonstrated that remote learning strategies put in place during Covid-19 and catch-up programmes in 2020/21 and 2021/22 were successful in ensuring that disadvantaged pupils did not fall behind due to the pandemic.

- 100% of disadvantaged pupils achieved the expected standard in phonics at the end of Year 1.
- 100% of disadvantaged pupils achieved the expected standard in phonics retake at the end of Year 2.
- 60 % of SEND pupils achieved the expected standard in reading, writing and maths at the end of KS1 compared to 50% in 2019.
- 60% of disadvantaged pupils achieved the expected standard in reading and writing at the end of KS1.
- 100% of PP+ pupils with social and emotional difficulties achieved the expected standard in reading, writing and maths at the end of KS1.
- 83% of disadvantaged pupils achieved the expected standard in reading and writing at the end of KS2. Compared to 33% in reading in 2019.
- 67% of SEND pupils achieved the expected standard in reading and writing at the end of KS2.
- 100% of SEND / Disadvantaged pupils achieved the expected standard in maths at the end of KS2
- Average Value Added for SEND and Disadvantaged pupils was greater than that of other pupils in reading, writing and maths at the end of KS2.

Our internal assessments during 2021/22 suggested that the progress of disadvantaged pupils overall was higher than in 2020/21 in key areas of the curriculum with an increase in the number of cohorts making progress in line with or exceeding that of other pupils. Where pupils did not make progress in line with other pupils, there was a significant level of absence which impacted on them accessing the planned intervention programmes put in place. Therefore, the outcomes we aimed to achieve in our previous strategy by the end of 2021/22 were realised for some but not all disadvantaged pupils.

Although overall attendance in 2021/22 was lower than in the preceding year at 93.6%, a reduction in the gap between absence of disadvantaged pupils compared to others was evident. Persistent absence of disadvantaged pupils compared to other pupils, however returned to a high level following a significant reduction in 2020-21 when travel restrictions were in place. This increase in overall absence and increasing gaps in persistent absence between disadvantaged and other pupils are why attendance continues to be a focus of our current plan.

The targeted support put in place at break times and lunchtimes to develop positive play and relationships with peers proved particularly important for children who are Looked After or Previously Looked

After, enabling them to approach their learning in the classroom more positively. As the number of pupils this affects is increasing, it continues to be incorporated into future plans.

Our assessments and observations indicated that Covid-19 significantly impacted on the experiences our pupils can draw from as well as those that increase wellbeing and self-esteem. The impact was particularly acute for disadvantaged pupils. We used pupil premium funding to provide additional life experiences for disadvantaged pupils enabling them to draw on these experiences within their learning and prepare them for the next steps in their education.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

| Programme | Provider |
|--------------------------------|--------------------|
| Accelerated Reader | Renaissance |
| Numbots/Times Tables Rockstars | Maths Circle |
| Read Write Inc. | Ruth Miskin |
| Literacy Shed + | Literacy Shed |
| Speech Link | Multimedia Limited |
